BEGIN DECORATING FOR CHRISTMAS IN JULY (20TH)

Upcoming Craft Classes:

Wine Glass, Plate, Mug, whatever painting

Wine bottle grape decorating

Teepee made with chicken wire, seashells, lights and mirrors

I have heard some ideas for craft classes but can't remember them so please email me and we'll try them out.

UPDATE on Peachick rescued from Peacock attack: He is 3 weeks old now. We think it is a he we'll know in time. His head injury is just about healed. Since he did not have a name last week our newest seasonals, David Page, named him Walter. I like it too. Walter fell asleep on David's leg as he and Vicky were asking about the park. I think Walter cinched it for them. I take Walter in to see his mom to bond with her but instead of following her he follows me around.

Anyone who would like their carpet cleaned, please let me know. It is more beneficial for him to come for more than just one person. Thanks.

CHRISTMAS IN JULY IS COMING UP NEXT WEEK. IF YOU WANT TO GET IN THE MOOD, HOW ABOUT GOING ALL OUT AND DECORATING YOUR SITE. THERE WILL BE PRIZES AWARDED! I'M IN ARE YOU?

Welcome to Tours of the Month Club LLC. Website at <http://toursofthemoth.net/>

John and MaryAnn have used these folks before on their trip out west. John contacted them and they will come to the campground to pick up anyone

who wants to go to MGM or Greektown in Detroit (or maybe other destinations) on a full size (60 passenger) bus. Let us know if there is interest and we'll find out what the schedule is.

After last week's weather this week is very comfortable and a chance to catch up with maintenance, roundup, mowing etc. It wasn't without its challenge though as we break one belt after the other. The mows must have been rebelling to going back to

work. Thanks Patty and Pam for a great job done. Woody has got roundup done which will need following up again and again. Thanks for all you do Woody.

For you golf lovers the greens are about as good as we can get them. Just a few spots left to fill in. They are high maintenance with this week alone having to aerate, fertilize, spray for ants and apply a wetting agent that allows the water to penetrate the fungus hardened ground which prevents from soaking in. This we spray on every other week and fungicide every three weeks. I have also started to mow the grass a little closer which should improve the putting surface.

What about adding Frisbee golf to the mix, we could add a great course taking us around the campground.

Fish food in the vending machine for just 50 cents. Have you seen the big Koi and the 100's of babies, yes they have breed so we will soon have Koi for sale.

The pen is open to anyone to go in anytime to enjoy the wildlife. Lisa is raising a peacock that was abandoned by its mother.

The wildlife enjoy greens if you are throwing any out.

For those of you who are selling your RV or park model, please note below. This is in the regulations for BHHP.

Sites any and all site improvements and landscaping must be approved in advance by management. Any improvements (plants, patio stones, etc.) become the property of Berlin Heights Holiday Park, Ltd. When the site is vacated these items will remain to maintain the integrity of the site. You are responsible for maintaining your unit in keeping with the park, as long as your RV or Park Model is parked on it or you have paid for it. Hand water your lawn and plants.
